

Canadians Said Best Fighters In Spain's Battle

REGIMENT YOUTH IS CITED FOR NOTED VALOR

Former Toronto Reporter Now Said Leading Government Battalion

By LYTHIAN GEORGE
Canadian Press Staff Writer
NEW YORK, Jan. 7.—The American commander of the Abraham Lincoln battalion of the Spanish government forces Thursday described Canadian troops as the "best fighters" in the international Brigade, now locked in battle with the insurgents against new-gift forces.

Captain Hans Amle, commander of the Lincoln, who returned to the United States Jan. 1 for a speaking tour, said he believed Cecil Smith of Toronto, who had been in command of the Mackenzie-Papineau battalion after a long stretch in hospital, would lead the Canadian shock-troops in the intense thrust offensive which was wound last July at Villa Nueva in Canada during the insurgents' drive on Madrid.

"The ultimate victory at Teruel," Amle said, "will have gained a tremendous strategic advantage."

100 KILLED
Over 100 Canadian volunteers are fighting the Spanish government's cause, according to Amle, a brother of United States congressman Thomas Amle, who estimated the number of Canadian soldiers at action at 100.

The two United States battalions of volunteers, the Abraham Lincoln and the Mackenzie-Papineau, between 125 and 160 killed, he said.

While leaving for the front, the fighting courage of all Canadians in general, Amle stated.

By Sirre Coleman, who was special messenger.

"Medals are awarded among the government forces," he said, "but if they were I would cite Coleman for such honors."

TOLD OF BRAVERY
Then he told of the bravery Coleman showed at Villa Nueva.

"We had advanced beyond our water supply. An insurgent machine-gun on our flank swept the ground behind us, the first heat of July, our position was serious."

"When night fell Coleman volunteered to go for water and, slung 20 cartridges on his shoulders, he crawled off in the darkness. He never returned. When we found him later we discovered he had reached the water supply, had killed the machine-gunner and lived."

Amle, a former Canadian soldier in the Great War as a non-commissioned officer of the United States Army, had fought in North American battles and in the Spanish Civil War.

He said the international brigade was a shock force and the insurgents' best unit, when they found them in the opposition.

SAID SUCCESSFUL
"Frequently we have scored successes by drawing insurgent reinforcements to points in front of our line," Amle said, "then march to the rear and strike the flank."

Amle thinks little of the Italian as fighters, but praised the Moser, who, he said, "marched down in drives but came on (usually) until we were in the rear."

"Before there were enough Canadians to form a separate battalion, two of my best officers, Captain William Halliwell and Alexander Miller, both of Toronto," he said.

Ex-Reporter
Once Pacifist

TORONTO, Jan. 7.—Former newspaper associate of 14-year Cecil-Smith recalled last night the former police reporter and an aerial pacifist who frequently said that war was a "bunch of crap."

Captain Hans Amle, American commander of the Abraham Lincoln battalion of the Spanish government forces, in the civil war said in New York today.

Smith would lead Canadian shock-troops in the offensive at Teruel, Captain Amle said.

Smith was wounded last July but now returned to command of the Mackenzie-Papineau battalion.

Smith's former associates in Toronto recalled he always had been a pacifist, but in 1935 and 1936, he said, he changed his mind.

Smith, his friends recalled, was wont to say, "I'd never catch the shoulder of a man."

During Smith's residence in Toronto, his colleagues learned little of his past life. His father, he was known, was a missionary in China.

Jury Suggests
Deprive Youths
Use Of Firearm

LETHBRIDGE, Alta., Jan. 7.—A coroner's jury Thursday recommended that George William Robert Donaldson, young companion of Jack Getz, 16, fatally injured during a rabbit hunt, be prevented from handling firearms until they are 21 years of age.

Shot Dec. 20, Getz died in hospital last Tuesday night. The jury found he "came to his death from multiple wounds inflicted by a rifle in the hands of an unknown person."

Famous Drake's Drum Saved In Abbey Blaze

PLYMOUTH, Jan. 7.—The famous Drake's Drum, which superstition says rolls whenever danger threatens England, was saved Thursday when fire consumed timbered Buckland Abbey, once the residence of Sir Francis Drake, naval hero of Elizabethan days.

Acquaints of the abbey fired before the roof crashed in flames, chimneys and other priceless historical relics of Drake's time were destroyed.

"Drake's Drum" was used to warn the warning of the Spanish army's approach to English shores in 1588. It has been heard several times since according to the legend.

The last time was after the Great War when it was the thought of the Drake's Drum, which said they heard the strange, inextinguishable rumbling during a tense period of waiting for the German fleet came into sight to surrender at Scapa Flow.

Copy of the drum was presented to the crew of the Drake's Drum, which said they heard the strange, inextinguishable rumbling during a tense period of waiting for the German fleet came into sight to surrender at Scapa Flow.

Only a few of Buckland Abbey's ancient treasures were saved from the fire, which was not determined.

HEBRON CITIZENS CALL STRIKE TO PROTEST IMPOST

JERUSALEM, Jan. 7.—Residents and shopkeepers of Hebron called a strike Thursday protesting a collection of \$1200 (\$1200) imposed on the town by authorities on charges residents helped Terrorists.

Nearly all stores closed in Hebron, which refused to pay the strike. Troops and armored cars were sent to the Hebron region yesterday to assure order.

Heads leaders of Hebron were placed under military surveillance as some residents attempted to leave the town.

Meanwhile bandits continued to roam the region, and a bomb thrown into the market place exploded but caused no casualties.

Six men received a Bedouin camp, a long time and they returned to set off the explosion.

HE HAD REASON TO HIDE \$15,000 IN PAPER SACKS

POPE Hopkins' famous felon was arrested here as he sat, above, in Los Angeles court, nervously massaging the fingers of a broken arm while he countered accusations of a film company that a 12-year-old note for \$20,000 remains unpaid.

Went down from a car, the note was returned in his favor.

"When night fell Coleman volunteered to go for water and, slung 20 cartridges on his shoulders, he crawled off in the darkness. He never returned. When we found him later we discovered he had reached the water supply, had killed the machine-gunner and lived."

Government's Act Saves Life 2 Week Kittens

PORT ERIE, Ont., Jan. 7.—Two kittens were rescued from their imprisonment in a grain car here when Cecil Oplin, Canadian National Railway checker, heard plaintive cries from within the car. The box car was loaded at St. Louis four days ago.

Busy railway officials took time to get authorization from the United States customs at Buffalo to open the car. As it was opened, two very excited kittens were found.

They were named "Alie" and "Pete," their food of milk to-day having been placed in a tin can by advertising a brewery.

BLUEBEARD SAID GERMAN SECRET POLICE WORKER

VERSAILLES, France, Jan. 7.—George Glaser, 28, a German politician, told examining magistrate Georges Herzy last night he was a German secret police worker.

Eugene Weidmann, "Bluebeard of St. Cloud," was an agent of the Gestapo German secret police and was arrested on spy on the activities of German political refugees in France.

Weidmann, a native of Frankfurt-am-Main, has confessed the murder of Dr. Koenen, N.Y. dancer, and four men.

Weidmann made contact with German refugees on the pretext of finding them employment in Germany. He got in touch with Fritz Frommer, one of the victims, with a view to obtaining his passport and sending it to Berlin.

Glaser said that last night, Weidmann found himself without money, he declared, Glaser said he came into contact himself with Weidmann last November.

Shipping Drops
MONTREAL, Jan. 7.—Decrease in 1937 overseas shipping at the port of Montreal was reported Thursday by Capt. R. C. Brown, port warden, to Montreal board of trade. Grain shipments decreased by 2,584,197 bushels but the quantity of other cargo advanced substantially.

New Gold Record
MONTREAL, Jan. 7.—Macnamara reported Thursday bullion production in 1937 at 1,200,000 high mark and an increase over 1936 of 100,000.

The recovery was from treatment of 100,000 tons of ore for an average of \$1.50 per ton, with 1,000 tons from 100,000 tons, an average of \$1.50 per ton.

ARMED POLICE PATROL ESTATE IN SUGAR RIOT

KINGSTON, Jan. 7.—Armed police patrolled 31 Thomas sugar estate Thursday night after a day of clashes with striking workers.

At the time of his age grandparents, the 13-year-old boy watched the battle between the American troops and the 5000 Indians at the headwaters of the Little Big Horn.

Often he related the stirring story of the battle, and was ready for the attack, the Indians were ready to fight.

The Indian summering for several days, broke out Wednesday when 1400 laborers, many armed with machetes, marched to the estate of the plantation owner.

He was not to be deterred by the police, who were ready to fight.

Capitol Hill Bridge To Be Replaced

New \$25,000 Span To Be Constructed By City Immediately

Immediate construction of a \$25,000 timber bridge over the Capitol Hill ravine at 142nd street to replace the existing bridge, was announced Friday by City Engineer A. W. Hadden. Construction will be undertaken by the city engineering department and the bridge will be closed Monday and will remain closed until next April.

While the new bridge is being built, traffic to and from the Laurier Park district will be routed via 140 street. The bridge is 192 ft. long south of 142nd street on 142nd street near Summit avenue.

Provision for the construction was contained in the 1937 capital estimate and the new bridge will be financed through the city sinking fund.

Mr. Hadden reported the existing bridge had been built in 1913 and has been in constant use for 25 years. It is now in need of replacement.

LIFE OF 30 YEARS
With reference to the type of construction—timber—the engineer explained that it was estimated that a neighborhood of \$100,000 to build a steel bridge. He reported that a new timber structure would have a life of at least 30 years.

Within three months will be required to complete construction, and the bridge will be open to traffic about the same time during April.

NEW PILOT IS SIGNED ON BY AIRWAYS FIRM
Announcement was made here Friday by W. R. M. O.B.E., district superintendent for the Airways, that pilot Harry Winny, O.B.E., well known in aviation circles throughout Canada, and especially in the north, had accepted himself with Canadian Airways and will begin immediately to fly for the company in the Mackenzie river district.

Winny began his aviation career as a mechanic with the Royal Canadian Air Force at Vancouver in 1917. He was later in the R.C.A.F. in Ontario where he took flying lessons. He later came to Vancouver for seaplane training. Following that he spent two years in the Pacific, and then came to the north, where he was known for his work in the aerial photographic survey of the Northwest Territories.

In 1932 he was engaged in the work of the British Empire in 1933. In 1935 he was engaged in the work of the Canadian Mounted Police preventive work on the Pacific coast.

He has been engaged in the work of the Canadian Airways at Vancouver, receiving in the spring of 1937 to accept a position with Territories Exploration Company, a prospecting survey on which he flew approximately 30,000 miles last summer. In December he flew from the north and has now become acquainted with Canadian Airways for the second time.

Good Eyesight
By Jackson Bros., Eyesight Specialist
Who can estimate the value of good eyes? Few of us are to be offered the wealth of the world in exchange for the powers of vision the proposition should be rejected. It is the most important of all special senses. The eyes are the windows of the soul. Every eye that is not clear is a source of trouble. Every eye that is not clear is a source of trouble. Every eye that is not clear is a source of trouble.

Who's Who Among Men Win Spurs in Spanish War

William Halliwell, Alexander Miller Praised by Commander

William Halliwell and Alexander Miller were called two of the best officers in the Canadian Expeditionary Force in the Spanish War by Captain Hamlin, commander of the 1st Canadian Infantry Brigade. The two officers were from Edmonton and both were in the 1st Canadian Infantry Brigade. Both men, who are about 42 years old, enlisted with the government forces about a year ago, local military officers said.

SHOW BRAVERY
Prior to the formation of the Mackenzie-Papineau battalion for Canadian Expeditionary Force, Halliwell had been fighting in the Abraham Lincoln battle and while in the service there had earned the admiration of Commander Amie by his bravery.

Mr. Halliwell was wounded last July at the battle of the Somme. He was in the 1st Canadian Infantry Brigade and was in the 1st Canadian Infantry Brigade. He was in the 1st Canadian Infantry Brigade and was in the 1st Canadian Infantry Brigade.

THE INQUIRING REPORTER
A new air line linking Vancouver with Edmonton, through the city of Regina, is being planned by the Canadian Airways. The line will be operated by the Canadian Airways and will be operated by the Canadian Airways.

Police Court
Convicted of attempting to break and enter the premises of the Capital Confectionery Jan. 6, 1938, James Hall and Fred Bradley were sentenced to one year each in Fort Saskatchewan jail by Magistrate A. H. Gibson in police court Friday.

Also in the same court, C. C. Purvis, crown prosecutor, informed the court.

Carl Thompson, who pleaded guilty to the same offence, was sentenced to four months in Fort Saskatchewan jail on the strength of a previous record.

Short, bald-headed, William Murphy, who sometimes refers to himself as "the little fellow," was sentenced to four months in Fort Saskatchewan jail when he was convicted of stealing a quantity of cigarettes from an automobile belonging in downtown Edmonton, he had a long record.

D. W. Herman, charged with assaulting a woman in a downtown corner store, Thursday evening, following a drinking party, was given an adjournment until January 10.

Candy, Nuts Loot Of Petty Thieves
Police reported Friday that some time ago in the downtown district, a group of petty thieves broke into the basement of a store on 142nd street, and stole about \$40 worth of candy, nuts and other supplies from the store.

The loss was discovered by J. H. Pavey, manager of the store. The thieves had broken in through the basement entrance.

Winnipeg Boy Killed In Spain
WINNIPEG, Jan. 7.—A 21-year-old Winnipeg youth, died Dec. 25 while fighting in the Spanish war. The youth, volunteer, was killed in the first German drive on Teruel, it was learned here today.

Campbell States Advantage Taken in Montana Report

President of Oil Producers Contends Big Profits Being Taken by Large Companies Buying Alberta Product

Reduction by 22 cents a barrel of the well price of Turner Valley crude oil indicates that the larger purchasing companies are taking advantage of reported "disturbing and threatening" developments in the Montana field, according to Walter S. Campbell, president of the Oil Producers' Association. Mr. Campbell contended that there is little evidence on the reported Montana situation that the reductions in Alberta indicate large profits to the purchasers.

Corresponding with the reduction in the well price per barrel, there will be reduction in the pipeline rate and the charge of receiving and handling the oil. The pipeline rate for gathering and delivering Turner Valley oil to Calgary is being reduced from 17 to 15 cents a barrel and the "handling charges" are being reduced by one-half, or from 10 cents a barrel to five cents.

AVERAGE PRICE \$15
With the 22 cents a barrel reduction in the well price, the average price for the oil will be \$12.25 a barrel. The Montana situation is said to have developed through the loss of the well price to Montana and its replacement by Turner Valley products. Consequently, many well owners in Montana are not getting as much as they are getting in Alberta.

On the Montana situation, Mr. Campbell said: "So far the whole thing is a matter of timing. In Alberta, the price of oil has been reduced in the past few months, but in Montana, it has not. This is a matter of timing. In Alberta, the price of oil has been reduced in the past few months, but in Montana, it has not. This is a matter of timing.

DAMAGE SUIT RESULTS FROM FLOOD WATERS
From time immemorial there has been a matter of timing. In Alberta, the price of oil has been reduced in the past few months, but in Montana, it has not. This is a matter of timing. In Alberta, the price of oil has been reduced in the past few months, but in Montana, it has not. This is a matter of timing.

DR. A. B. CURRIE WILL TAKE UP M'GILL POST
Dr. A. B. Currie, a member of the staff of McGill Commercial School, will leave Edmonton Wednesday evening to take a temporary post on the staff of the School of Medicine at McGill University, Montreal.

Dr. Currie has been teaching in the school for the past few years, specializing in bookkeeping and auditing. He was also a member of the staff of the school for the past few years, specializing in bookkeeping and auditing.

BIDS ASKED ON EXTRA HANGAR CITY PORT

Tenders Due January 21 For New \$35,000 Building

Tenders for the construction of a new hangar at the city airport at a cost of approximately \$35,000 will be called by the city engineer on Friday, January 21. Specifications for the building are now being prepared.

The new hangar was authorized by burgesses at the November 10 municipal election. The required money will be raised by the city engineer on Friday, January 21. Specifications for the building are now being prepared.

Concrete Foundations for the building have already been constructed. It will provide space for additional accommodation for machines at the airport as at present 12 to 15 machines operating by local aviation firms must be stored in the existing hangar.

New buildings are being given in connection with the agreement between the city and federal government, which gives the city the right to use the airport for the purpose of the airport. The new buildings are being given in connection with the agreement between the city and federal government, which gives the city the right to use the airport for the purpose of the airport.

Over 6,000 Applications Received For Car License Rebates

Between 6,000 and 7,000 applications for automobile license rebates have been made to the provincial secretary's department. It was learned on Friday, January 7, that the rebates are being given to the holders of plates who turn them back on the department in view of the fact that their cars have been put up for the winter and will not be run for the increased portion of the fiscal year, which ends on March 31.

The final cut-off date for rebates on automobile licenses is Monday next, Jan. 10, by which date all applications must be in. It will not be until after that date that the applications will be considered.

Rebates are given to those holders of plates who turn them back on the department in view of the fact that their cars have been put up for the winter and will not be run for the increased portion of the fiscal year, which ends on March 31.

The basis of rebates is 20 per cent of the license, and is applied actually per plate. If the plates were taken out at the first of the year, the rebate is 20 per cent of the full amount. If the plates were taken out at the first of the year, the rebate is 20 per cent of the full amount.

Chilling memories of his work among herds in the slim areas of the north, where he was a member of the Presbyterian church, told the Optimist Club Thursday at its luncheon in the Macdonald hotel that devotion of the service staff to help work formed a great ideal that did honor to his members.

Northern Mining Said Tremendously Important

\$2,500,000 IS SPENT YEARLY IN EDMONTON

Alberta and Northwest Territories Chamber of Mines Has Annual Meeting

Mining opportunities now opening up in northern Alberta and the Northwest Territories are "tremendously important" and will contribute immeasurably to the growth of Edmonton and the Chamber of Mines in the Northwest Territories, the organization's second annual meeting in the Edmonton club Thursday night.

Attended by more than 125, the meeting heard the president, who was cheered for his executive leadership, review the part the Chamber had taken in stimulating mining development.

\$2,500,000 SPENT

L. E. Drummond, secretary-manager of the association, submitting his annual report, said that there are 19 companies working in the northern mining area now, as well as many more, and that the tonnage going north had increased from 1,000 tons in 1928 to 20,000 tons in 1937. About \$2,500,000 a year are being spent in Edmonton alone in mining activity, he estimated.

"I have lived continuously in this province for 32 years and have never until recently assumed the role of prospector," Mr. Marshall declared.

"I have never during any of the boom periods predicted the growth of population of any city but I now hazard the statement that unless a great war or world catastrophe happens, the people of Edmonton are going to look back five years from now and wonder how it all happened."

"This organization is going to help in a large way to bring this about, and it can be done by having all work together," the president continued.

MANY PROBLEMS

"The directors have had a great many problems to solve," Mr. Marshall went on, "chief among them being to decide just what would constitute real and useful help to the opening of this field."

"How could we service this great new opportunity? We gave the matter careful thought and could have splashed about with an expensive publicity campaign. That would have landed us just where we started, plus a burden of debts."

"Mining companies and mining capital are not attracted by such tactics. They are interested only in good fields and when they are satisfied they have them, nothing will stop them unless they are accessibility or difficult transportation has that," Mr. Marshall stressed.

Quoting tributes to the Chamber of Mines made by mining men of Eastern Canada to Mr. Marshall and Mr. Drummond on their recent trip there, the president said that a "large Toronto operator" confessed that "we are all for your Chamber of Mines and you have the confidence of every operator in the field."

REAL COMPLIMENT

"That is a real compliment and we must keep that confidence by keeping faith with them and helping them when they need us," Mr. Marshall said.

The Chamber must assist, he advised, in removing or lessening transportation difficulties, especially on the shallow atlay of water from Waterways to Stony Island and the portage lower down, and in adjusting freight rates from Lac la Poudre to Waterways.

"There are now 19 companies actively working in the northern mining area, many more from eastern Canada and some from other countries," Mr. Drummond said. "These companies, with few exceptions, are well financed and

able to meet any call that may be made upon them. This means two things, first, that the uncertainties of stock promotion during the initial stages of investigation are eliminated and second, that if the new values justify the developments will be commensurate with the values found."

"One of the most significant factors is the extent of the field along a well defined belt, which has now been outlined for about 50 miles. Projecting this belt of mineralization southward it is possible that we may anticipate further mineral discoveries at intermediate points. The amount of money that will be spent by individual mining companies in their development and maintenance will vary to a certain extent according to the character of the deposit."

SPEND TWO MILLIONS

The Consolidated Mining and Smelting Company at Goldfield are expending \$2,000,000 in their development and probably another half million dollars at Yellowknife. Mining Corporation of Canada at

Gordon Lake and Silver Lake Gold Mines at Oupstail Island will require at least this amount for their work.

"The Eldorado Gold Mines are approximately expending \$250,000 in Edmonton each year and this amount will be more than duplicated by at least six other companies. Lesser amounts will be required by the smaller groups. We are safe in estimating, then, that one half million dollars per year at the expenditures being made in and through this city."

This is only the beginning of the development which will take place and as the developments increase what is reported from the north last year, that in 1936, nine years later, this amount had increased to \$15,000,000, up of 40 per cent, wages, 12 per cent in foodstuffs, 8 per cent in lumber and building material, 10 per cent

in explosives, oils, fuels, etc., 20 per cent in mining and milling machinery and 10 per cent in miscellaneous hardware and so on," Mr. Drummond declared.

LINK FOR NORTH

"It has been the object of the Chamber of Mines to be of every possible service, a link between the north and the point of supply. Last year the Chamber of Mines was made a sub-ordinating office and authorized to issue mining licenses, liquor permits and similar concessions under the regulations of the federal government. They are carrying over \$1,000 worth of maps and reports for the convenience of those who are working in the north. The various government departments have been good enough to consider representations made with regard to the North-West from this organization and the suggestions with reference to improved facilities which are calculated to benefit the area."

BUSY YEAR

"The second year of the Alberta and Northwest Chamber of Mines has been a busy one due to the

rapidly increasing tide of business which is flowing northward and which induced the formation of this organization."

In 1938 the tonnage going north was 11,000 tons, which has increased in 1937 to 20,000 tons. This amount is supplemented by the airplane business, which has had a similar increase. The Chamber of Mines was organized to coordinate the interests of those operating and supplying the mines.

"Edmonton is vitally concerned in the north country and its development. Likewise the mining groups need the goodwill and co-operation of the mechanics, manufacturers, wholesalers and retailers of this city."

"The interchange of business between these mining groups and the supply houses will effect practically every channel of trade and production and we will probably find this city's proportion of the business originating in the north will amount to as much as 75 per cent of their expenditures," Mr. Drummond concluded.

Juvenile Sisters Give Reporter Hectic Time

MONTEREAL, Jan. 7. The Ferguson sisters are an annoyance from Kambridge, B.C., and the event is proving a pretty serious nuisance to the reporter.

Conacher Will Move Reply To Throne Speech

OTTAWA, Jan. 7. Premier Mackenzie Bowden announced Thursday the first cabinet session of Ontario's western legislature would open Wednesday, January 23.

He said that the "The Throne" of the province will move the address in reply to the Throne speech, the premier said. It was, he said, the first time that the premier would move the address.

The assembly will open a month after the session, which is planned to be a two-day session. It will be held in the House of Commons in Ottawa. The session will be held in the House of Commons in Ottawa.

COMEDY — NEWS

Looking them Over

By Jack Kelly.
Figures 'n Facts
Getting Better
Tiger Returning

TAKE a look at today's standings of the Big Six League and you can't help but be struck by the line of figures opposite the Dominions. They have scored 18 more goals than the leading Rangers and nearly twice as many as any other two clubs put together. Rangers excepted. That is undisputed proof of tremendous scoring power and goal getting ability of this village promises plenty of grief for that club that meets the Hunter Club in the playoffs.

The second impressive fact shown by the figures is that 40 goals have been scored against the Dominions—more than have been poked into the net of any other team with the exception of the last-place Superiors. This high proportion of goals against them does not mean what you might think at the first glance—a weak defence. It means that the club plays a wide-open type of whirlwind hockey that the fans simply love. There are no killy-schodder tactics in the Dominion bag of tricks.

If you are still doubtful about the statement that the Dominions are the greatest scoring machine in the Big Six, consider the goal statistics. The line of Gorman, Purcell and Anderson hold the first three places in the league race today.

I took time out awhile ago to pay my compliments to Coach Lefty Grove, but I'm going to do it again. Lefty has drilled into the Dominions the smartest assortment of scoring plays I have ever seen in Alberta senior hockey. There are a lot of the plays he is using regularly that would be impressive even in major league hockey.

Another Dominion asset is the team spirit that seems to have been built up. The club won the far-western championship last year largely on the fighting spirit, but this year the team seems to be knitted closer together and the boys appear to have an instinctive hunch as to what the others are going to do. That also is the mark of good coaching and management.

Just now the club's major weakness appears to be lack of polish on its power play. It is not getting the number of goals it should when the opposition is short handed. Of course everything can't come at once, but some intensive drilling on the gang attack will pay mighty big dividends. The major difficulty seems to be that in the excitement of the pressure, the players fail to keep their correct positions and become over-enthusiastic. The effective power-play is one that is made comparatively easy and leisurely.

☆☆☆

Lewis Fights McSparran Again

LAST night Promoter Fred Osborne said that he had completed arrangements for Eddie McSparran to appear as a battle Tiger Al Lewis of Seattle here on Jan. 19 over the 10-round bout.

It is a return fight being staged largely on account of Lewis' insistence that he be given another chance at the western Canada champion who belted out a technical knockout over him here in their first meeting. The Chocolate Canyon mainstay said he did not ask Referee Jerry Delane to stop the fight but that he was only protesting against a couple of low blows by McSparran.

Those here are not likely to underestimate Lewis this time—not when they remember what he did to Mickey McGuire the second time they met. Those who saw the hair-raising McSparran-Lewis battle will also recall that during the first two rounds the Tiger appeared able to take Eddie with his left punch almost at will. Why he did not continue to take him so readily despite his opponent's neck and head remains a bit of a mystery. It may have been that McSparran's slashing body attack threw Al back on a desperate defensive, or it may have been that Eddie is too tough to go along with this looping rain. The coming bout should settle these questions definitely.

In support of the main event, Osborne is lining up a card that promises to be fully as good as the best one he has ever offered—and that was one of the best ever seen in Edmonton. The card is set right now for a fight card of this type and if you want to make sure of a good seat you had better send in your reservations now. The card is set to start at Fred Osborne, Ontario Athletic Club, McLeod Building, Edmonton. Only a blizzard or terrific cold will prevent the house from being held out this time.

Early Sports Editor Passes

WITH the death this week of William M. Ryan, C.M.P., for St. John's, Alberta in the House of Commons, an old-time sports editor passes. Ryan was representative of the Regina Leader-Lake's sports editor since the year 1914. If any information is correct he was succeeded in this post by Harry Scott.

VICTORIA HIGH QUINTET BEATS GARNEAU 53-34

Chalking up 17 points without a reply from the Garneau High Quintet, Victoria coasted to a 53-34 win over the green and gold team in the opening game of the Boys' Senior Basketball League Wednesday night. They were fairly even except for the faithful opening period that saw Victoria take a 17-0 lead. The second stanza was a draw as each team scored eight points. Victoria increased their lead by scoring 10 points as they barged through Garneau for 18 points in the third stanza and gold quintet had a hard time adding 12 to their meagre total. Garneau forced the play all the way through the final session and netted 14 points in the last 10 minutes. The outstanding players for Victoria's crimson team were: Bill Patterson, who scored 16 points; Melnick with eight; and McKernan with seven. For Garneau, Frank Hazlett was by far the best man on the floor and chalked up fifteen points. Hughes was next with nine and the rest of the team combined for the rest of the points. They agreed to fairly even, McIntyre of Hazlett and Dean A. Garneau, who were the last of the game each drawing the watchful eye of Referee Dave McKinley twice.

BULLETIN

Gorman Laughs At Maple Leaf Pair

COMPT SMITH
(Says But Little)

Tommy Gorman, president of the Montreal Canadiens, is laughing at the prospect of a rematch with the Toronto Maple Leafs. Gorman said that the Leafs' recent victory over the Canadiens was a fluke and that the Canadiens would be ready to take revenge in the next meeting. He also mentioned that the Canadiens' coach, Alvin Gorman, was confident of a win in the upcoming game.

Tommy Gorman (Reverses Red On Leafs)
MONTREAL, Jan. 7.—Tommy Gorman, president of Montreal Canadiens who took over the coaching reins last week after letting King Clancy go, laughed after his Maroons' loss to the Leafs 6-3. Leafs, for whom Clancy played before coming here, had promised to "rub it in" every time they met the club that had cut short Clancy's coaching career. "We'll meet them at their own game," Gorman said, "and we'll show them the difference between a coach and a player."

Toronto-Owned Jumper Is Nominated For Far Famed Grand National Race

LONDON, Jan. 7.—A Toronto-owned jumper was nominated Thursday with 78 other horses for the 1938 renewal of the world's most famous steeplechase, the Grand National.

H. R. Bain of Toronto nominated his Rock Lad to face the starter at Aintree March 25 with the cream of Britain's stables and seven American-owned jumpers.

Probably not more than half of those nominated will actually face the start, but Rock Lad was one of the best of the year and was nominated originally but only 30 named.

Of these battleships, What Have You and Flying Minutes are United States-bred as well as owned. Flying Minutes, a son of the Kentucky Derby winner of 1932, Flying Ship, and What Have You, winner of the 1936 Kentucky Derby, were starters in the 1937 race, won by Hugh Lloyd's Toronto Royal Mail. So, too, were the American-bred and owned, the four finished the gruelling

BattleShip, a son of Man of War, and Drummer Lad, both named winners in the 1937 race, but failed to start. La Touche is a newcomer to the Grand National scheme.

Toronto Owner Has Hopes Of Winning
TORONTO, Jan. 7.—H. R. Bain, prominent Toronto race horse owner, has won a first-ranking steeplechase in Canada, but he hopes this year to do something on Canadian soil. He has done with the Grand National, the world's most famous steeplechase.

Spurred by the dazzling play of four Junior Hockey League stars, Garneau High swept a victory from Alberta College to win 6-1 in the opening tie of the new Junior Hockey League.

Bound to score half the game, while Albert failed to get a goal, while Garneau scored three goals and gold stars triumphal march. The game was a real battle, with the college team leading 3-0 in the first stanza and the Junior team leading 3-0 in the second. The game was a real battle, with the college team leading 3-0 in the first stanza and the Junior team leading 3-0 in the second.

Garneau's victory was a real triumph for the Junior team, who had been struggling for some time. The game was a real battle, with the college team leading 3-0 in the first stanza and the Junior team leading 3-0 in the second.

CANUCK GAMES TEAM ENJOYS FIJI ISLANDS

Lawn Bowlers Triumph While Swimmers Get Taste of Waters

SUVA, Fiji Island, Jan. 7.—The Canadian team to the British Empire games in Australia sailed away from Suva, an exhibition win for lawn bowlers under their belts.

The four Vancouver bowlers, Bob Gray, John Fleming, Al Reid, and Dick Adam scored a close one-point win over a Suva team. Gray explained them.

Most activists of the 18 athletes who sailed from Vancouver Dec. 22 on the R.M.S. Aorangi were carried out overnight under electric lights. Excessive heat forbade day games.

Those with cameras, however, defied the blinding sun to take pictures of the tropical scenery and the bumpy-haired natives.

The Suva Sports Club took the boys and girls on motor tours. Members of the swimming team gave an exhibition in a beautiful outdoor pool.

Marathoners and cyclists worked out at 4:30 Thursday morning, and the track squad went through a fresher, their first on land since the trip at Honolulu Dec. 29. Boxers, wrestlers and oarsmen did some practice.

ALL IS WELL
M. M. "Bobby" Robinson of Burlington, Ont., the team's general manager, reported well among the athletes.

Robinson will arrive in New Zealand on Monday and there will be an extensive work-out at Auckland.

Robinson decried the Suva Sports Club officials as "most kind" and said the team was well.

Trochu-Equity Six Outskate Carbon to Chalk Up 10-4 Win

ALBANY, N.Y., Jan. 7.—Trochu-Equity Six, a team of six players, defeated Carbon to chalk up a 10-4 win in a fast, clean game of hockey at the Trochu rink Tuesday.

The game was a real battle, with the Trochu team leading 10-4 in the first stanza and the Carbon team leading 4-0 in the second.

The game was a real battle, with the Trochu team leading 10-4 in the first stanza and the Carbon team leading 4-0 in the second.

Little Miss Darkes Sparks Maroons to Scuttle Soops 10-2

Motormen Celebrate for Team Mute With Brilliant Scoring Exhibition—Three Good Fights Add Spice to Evening

BY JACK KELLY
LITTLE MISS DARKES scuttled the Superiors last night—she outgassed them completely under a 10-2 score.

It all came about this way. The Dominions were battling the Superiors out at the Arena in a regular Big Six Hockey league battle and Ab Darkes was wearing the jersey of the Dominions. He was also wearing a worried look. Midway through the second period the score was tied at 2-2. Then came a telephone call for Darkes announcing that a daughter had just arrived for him out at the hospital and that everything was fine.

The Dominions straightaway decided to celebrate the arrival of little Miss Darkes with a display of hockey fireworks that would make the city sit up and take proper notice of a single goal while the Motormen ran hog wild to slam in eight more tallies.

The hand that rocks the cradle may rule the world, but a chubby little hand from a cradle was completely right the night for one score. The hand that rocks the cradle may rule the world, but a chubby little hand from a cradle was completely right the night for one score.

It was a typical Dominion victory. The little Miss Darkes, who was waiting along with the Superiors for the hockey fireworks that would make the city sit up and take proper notice of a single goal while the Motormen ran hog wild to slam in eight more tallies.

The hand that rocks the cradle may rule the world, but a chubby little hand from a cradle was completely right the night for one score. The hand that rocks the cradle may rule the world, but a chubby little hand from a cradle was completely right the night for one score.

Montreal Takes Big 6-3 Score

MONTREAL, Jan. 7. — In a flurry of goals and fists, Montreal Maroons drubbed the leaders of their National Hockey League division, Toronto Maple Leafs, 6-3 last night before 6,000 Montrealers.

Leafs had promised to "rub it in" every time they met Maroons after the Montreal club let King Clancy go as coach last week. But after Toronto scored first, Maroons went to work to devise a thorough beating that came to the accompaniment of a flood of penalties.

Red Horner of Toronto and Jimmy Ward of Maroons drew majors and match penalties when they fought in the first period and resumed their duelling on the penalty bench. Nearly every player on both teams was involved in the battle that started when Horner boarded Russ Blinco, but Horner and Ward were the only ones to

The result left Leafs a point ahead in the group standings, as New York Americans drew with Detroit to miss a chance for a first place tie.

Toronto went ahead in the first seven minutes when Drillon sank Apple's pass but Messinger

After the Horner-Ward fight with Buzz Bell in the penalty box, Bob Tracie scored the tying goal and Cain, Wentworth and Blinco all scored before the first period ended.

Wentworth's score came while Maroons were shorthanded.

Stew Evans put Maroons farther ahead in the early minutes of the

second, but Nick Metz cut the advantage to 5-2 with Allan Shields the penalty box.

Maroons made it 6-2 while Shields was still off, Northcott clicking on a breakaway, and the final goal came before the second period ended, Apps converting a pass from Drillon.

LINEUPS

TORONTO—Broda; Davidson, Hamilton; Chamberlain; Metz, Kelly, Suba—Thoma, Boll, Conacher, Drillon, Horner, Fowler, Apps, Jackson, Kampman.
MAROONS—Reveridge; Wentworth, Evans; Grace; Cain, Marker, Suba—Blinco, Trotter, Robinson, Shields, Smith, Cook, Runge, Ward, Northcott.
Officials—Mickey Ion and Johnny Mitchell.

Belated Indian Listen Inn

By ELLIOTT COWAN STONE

Linda, wondering without interest what the Indian was doing, saw him standing in the street. "You have friends in the city," she said. "I am sure you do."

"Of course," he said. "I am sure you do." "You are sure you do?" "Of course," he said. "I am sure you do."

"You are sure you do?" "Of course," he said. "I am sure you do." "You are sure you do?" "Of course," he said. "I am sure you do."

"You are sure you do?" "Of course," he said. "I am sure you do." "You are sure you do?" "Of course," he said. "I am sure you do."

"You are sure you do?" "Of course," he said. "I am sure you do." "You are sure you do?" "Of course," he said. "I am sure you do."

"You are sure you do?" "Of course," he said. "I am sure you do." "You are sure you do?" "Of course," he said. "I am sure you do."
